UNM Residential Living Requirement

• Hypothesis: A live-in requirement would be positive for student and institutional outcomes
• Several considerations to test:

- Capacity
- Desired Outcomes
- Safety
- Affordability and Access
- Enrollment Impact
- Process

Timeline:
- Project Assessment: September
- Evaluate Capacity: October
- Data Preparation: November
- Safety Review: December
- Survey Preparation: January
- Survey Administration: February
- Data Analysis: March
- Report Compilation: April
Student Outcomes

Retention to 2nd Fall Semester – 2014 Cohort

There were 30 reported crimes on UNM campus in the most recent Clery reporting year.

In one month there were over 500 reported crimes within a 2 mile radius of the UNM campus.

3.1.16 – 3.31.16
www.crimemapping.com
The crimes involve a lot of vehicle theft and break-ins but also include a lot of more dangerous incidents.
Affordability and Enrollment

“If UNM required new freshmen to live on-campus how would that have impacted your college decision?”

- No impact, I would have attended UNM anyway. 55%
- I would not have attended UNM. 21%
- Not sure. 24%
Recommendation

• Approve first-year live-in residential requirement with standard exceptions including:
  – will live with a parent, guardian or family member within 30 miles of main campus
  – will be at least 20 years of age when the academic year begins
  – is domestically partnered, married or has legally dependent children
  – has a medical or accessibility circumstance
  – will have undue hardship on their ability to attend (includes financial, cultural or other circumstances)
