AGENDA TOPICS

1. APPROVAL OF THE AGENDA
   The agenda was approved as amended by unanimous vote.

2. APPROVAL OF SUMMARIZED MINUTES FOR OCTOBER 25, 2016
   The minutes were approved as written for the October 25, 2016 meeting.

3. FACULTY SENATE PRESIDENT’S REPORT
   Faculty Senate President Pamela Pyle reported the following:
   
   • The Presidential search has begun. President Pyle expressed her concern to the regents that there appears to be only two faculty members on the search committee. Others being considered as faculty have administrator or director roles. The first meeting of the search committee was held and about 20 members were in attendance. The search firm is Isaacson Miller-seventy percent of their searches are in academics. The names of the five finalists will be publicly announced. Interviews are expected to be held in February or March 2017. By the end of Spring 2017 semester, UNM may have its 22\textsuperscript{nd} President.

   • The Budget Leadership Team (BLT) has met. It is possible higher education could face another 2 percent cut from the State.

   • Faculty Focus might be held in Santa Fe during the legislative session in order to try to increase attendance of legislators. Governmental Relations Committee Chair Lee Brown (School of Medicine) stated that he might be able to secure HSC Council funds for the trip, probably less than a couple thousand if transportation is needed. The event could possibly be tied into Lobo’s for Legislation.

   • President Pyle spoke with University President Frank about strategic rebalancing. The discussion was centered on shared services. The next president will come in with their own ideas so President Frank does not want
University Press met with the Operations Committee (Ops). They are concerned about their budget. Ops conveyed to them that during a time of financial crisis, it could not be expected that no one will be immune from cuts. Ops suggested that University Press request and pursue line item funding from the State.

The University Seal has been brought up by several groups as being colonialist, represents genocide, and is oppressive and offensive towards indigenous people. A survey was sent to faculty, staff, and students. It only had 375 respondents and they were in favor of changing the seal. Five forums were also held to gather feedback. The BOR decided to review the seal and conduct a cost analysis.

President Pyle asked for a motion for the Faculty Senate to move into a Committee of the Whole. The motion was made and seconded; it was unanimously approved. The Faculty Senate met as a committee of the whole to discuss the University Seal. The Faculty Senate supports the University designing a new seal with one abstention.

President Pyle asked Senators to take the issue to their constituents and see what they feel about it.

The Senate remained in the Committee of the Body.

President Pyle reported that there has been an increase in hate and bias crimes on campus. They are not large numbers but are concerning because they occurred after the election. Every ethnicity has been involved or affected, including white students who felt that their views were not taken seriously in light of more liberal views. President Pyle asked what faculty can do. Faculty need to mobilize and the Senate should have a voice. She asks Senators to consult with their constituents.

The Senate remained in the Committee of the Body when Provost Abdallah arrived. The Committee of the Body asked the Provost about the CIA and UNM agreement.

The CIA came to UNM seeking to diversify its work force by entering into a memorandum of understanding with the University. The CIA is starting four Signature Schools to recruit future employees. The CIA recruiting on campus is not new. There are many UNM graduates that are working in various areas of the CIA. The University does not get anything out of the agreement however, it is another opportunity for students. UNM has similar agreements with many companies to recruit on campus. A senator expressed concern about the effect on Latin American Studies students and faculty research abroad. Also, the effect on faculty from Latin America coming to the University to teach and/or research. Senators are fearful that students and faculty would be considered operatives of the CIA by foreign groups and countries. Another senator expressed support of the agreement as benefiting students.
A motion was made to exit from a Committee of the Body and return to the Faculty Senate. The motion was seconded and unanimously approved.

4. PROVOST’S REPORT
Provost Abdallah reported the following:

- There is a real spike in the reporting of hate and bias incidents around campus. Most are referred to the Office of Equal Opportunity for investigation. It does take OEO some time to investigate and that has become one of the issues. Incidents reported have slowed since the election but it may pick up again around the inauguration. Hate speech is in a separate class and is addressed differently.

- The status of Sanctuary Campus is being investigated, i.e., what does it mean to be a sanctuary campus? What are the implications? Legality? UNM does have a lot of undocumented students. The DACA students are the most vulnerable as they are tracked on lists.

- There is going to be a tough period coming trying to figure out how funding is going to come to the University. In addition to reduced funding from the state, there will be changes on the national level. NSF and NIH may get more money but otherwise it may be tough times for federal funding.

- The Provost thanked the Senate for providing a position on the University Seal.

5. HONORARY DEGREE CANDIDATES
Honorary Degree Committee Chair Aeron Haynie (English) presented the 2017 Honorary Degree Candidates. The 2017 Honorary Candidates have been previously considered and approved by the Honorary Degree Committee and the Faculty Senate Graduate Committee. Ballots with the candidates’ biographies were distributed to senators.

An open discussion of the candidates required a closed session. Confidentiality is maintained until the process is complete. The Faculty Senate voted unanimously to move into closed Executive Session to discuss the limited personnel matter related to the Honorary Degree candidates. All non-senators were asked to leave the room and the audio webcast was paused for the discussion. The senate discussed the candidate and asked questions of Chair Haynie. After the discussion concluded, the Faculty Senators voted and turned in their ballots. The Faculty Senate unanimously voted to re-open the meeting.

After re-opening the meeting and resuming the audio webcast, and allowing for non-senators to be reseated, the Faculty Senate unanimously voted to certify that the matter discussed in Executive Session was limited to the Honorary Degree Candidates.

The Honorary Degree candidates will be presented to the Board of Regents (BOR) Academic Student Affairs and Research Committee and then the full BOR. If approved, results will be announced in Spring 2017 and the Degrees will be awarded at the Spring 2017 University Commencement Ceremony.

10. UPDATE ON THE U.S. DEPARTMENT OF JUSTICE AGREEMENT
Chief Compliance Officer Elizabeth Washburn reported the following:

- The agreement between the University of New Mexico and the U.S. Department of Justice (DOJ) was signed on October 17, 2017, to address sexual misconduct on the campus. This process has been going on for several years.
- The duration of the agreement is for three years. It is assumed that in the Fall of 2019, UNM will have completed all the tasks required.
- The DOJ is providing oversight and review on many things being done campus, i.e., training, climate surveys, and revising policies and procedures.
- The University has until December 31, 2016, to have everyone on campus complete sexual harassment and misconduct training. She asks everyone to take the training, so UNM is in compliance.
- In-person training will be provided to every student on campus, about 25,000. During new student orientation, approximately 7,000 students received in-person training. There are many remaining students that need to complete the training by December 31, 2017.
- Climate surveys are being conducted with one completed on main campus. Branch campuses will be surveyed in Spring 2017. There will be another main campus survey in Fall 2017.
- Policies and Procedures are being revised.

11. FACULTY REPORTING OBLIGATIONS UNDER TITLE IX AT THE UNIVERSITY OF NEW MEXICO RESOLUTION.
President Pyle presented the following resolution. It comes as a motion from the Operations Committee. The motion was seconded. The resolution passed with two against and one abstention.

Resolution for Faculty Senate Consideration:
Regarding Faculty Reporting Obligations under Title IX at the University of New Mexico

Whereas the University of New Mexico upholds integrity by building “trust through transparency, truthfulness, and responsibility” (Regents Policy Manual 2.18 Guiding Principles); and

Whereas the Faculty must “respect the confidential nature of the relationship between professor and student” and “avoid any exploitation, harassment, or discriminatory treatment of students,” (1987 AAUP Statement of Professional Ethics, Faculty Handbook Section B, Appendix V); and

Whereas the Faculty are also committed to upholding respectful campus by “developing and maintaining confidentiality and trust” via (FHB C09: Respectful Campus); and
Whereas the American Association of University Professors (AAUP) recommends faculty participation in shared governance to “to develop institutional policies and practices that address problems of sex discrimination while also protecting academic freedom, free speech, and due process” and objects to administrative policies that obligate faculty to report violations of Title IX (AAUP, “The History, Uses, and Abuses of Title IX,” 2016); and

Whereas federal Title IX regulations require all educational institutions to specify and train appropriately the “responsible employees” who are required to report gender discrimination and violence to the institution’s Title IX coordinator, but does not dictate which employees may be so designated; and

Whereas scholarly research on the legal and psychological implications of Title IX compliance has demonstrated the negative impact of universal mandatory reporting obligations on victims of sexual assault, reporting, and risk of litigation; and

Whereas student surveys and victims’ rights groups oppose mandatory reporting by faculty; and

Therefore, be it resolved: That the Faculty Senate of the University of New Mexico recognize that the faculty have a crucial role in fostering awareness of sexual violence and supporting students and other members of the campus community impacted by sexual violence; and be it further

Resolved: That UNM employ shared governance to involve faculty in the university’s response to sexual violence and sexual misconduct; and be it further

Resolved: That all committees assigned to review, develop, implement and/or oversee policies, research, and trainings include faculty, as well as staff and students; and be it further

Resolved: That UNM administrators revise University Administrative Policy 2740: Sexual Violence and Sexual Misconduct to exclude faculty and staff from the obligation to report (i.e. “responsible employees”) except for those faculty and staff who hold decision-making and supervisory authority over the welfare of students or employees. The term administrative specifically excludes persons whose only role is as the student’s teacher.

Adopted this November 22, 2016 by the Faculty Senate of the University of New Mexico
