☐ **Does this change affect other departmental program/branch campuses? If yes, indicate below.**

Reason(s) for Request (enter text below or upload a doc/pdf file)

We are submitting a request to remove an unnecessary one credit elective course from the Nurse-Midwifery MSN program of studies. The elective was added over 5 years ago to offer additional learning opportunities and to increase credit hours so students could access financial aid. The elective course is not necessary to meet national ACME accreditation criteria or ACNM Core Competencies. Additionally, students have had challenges scheduling this class during clinical rotations, it is not required for graduation or to access adequate financial aid. We have obtained approval for this change from the nurse-midwifery faculty, the CON Graduate and Professional Program Committee and it was approved by a vote of the entire faculty on 9/20/21. The motion was introduced and passed: 42 total, 32 yes, 5 no, 5 abstain.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications. (upload a doc/pdf file)
