Degree type: M.B.A.

Select Action: New Revision **Deletion** Name Change

Exact Title and Requirements as they should appear in the catalog:

We are requesting the Information Assurance Concentration be deleted. It has been replaced with the recently approved MS-ISA program.

Does this change affect other departmental program/branch campuses? Yes \_\_\_ No X

Reason(s) for request:

Statements that include justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications:

With the approval of the MS-ISA program, the faculty resources that had staffed courses associated with the MBA-Information Assurance concentration will be staffing the MS-ISA

program. Sufficient time has been allowed for students currently enrolled in the MBA-Information Assurance program to complete their studies, but additional students should not be enrolled in the program as it is being phased out. This transition has been carefully planned by the home department to address the current needs of students in this discipline as part of the long-range planning process associated with developing and achieving approval of the MS-ISA program.
