Justification

Proposed

Concentration Justification

This proposed change seeks to add ARCH 2112 Architectural Visualization I (3 credit hours) and ARCH 2117 Architectural Visualization II (3 credit hours) to the Bachelor of Arts in Architecture Program to strengthen skills in this area, following assessment of student outcomes.

Please note that an application to make ARCH2125 a general education course is in the queue. This will prevent a change in credit to the total amount of degree credits.
