Planning

### Department

Architecture and Planning

### Campus

Main Campus

## Effective Term and Year

### Proposed Effective Term and Year

Fall Medical 2023

## Justification

### Concentration Justification

This proposed change seeks to add ARCH 2112 Architectural Visualization I (3 credit hours) and ARCH 2117 Architectural Visualization II (3 credit hours) to the Bachelor of Arts in Architecture Program to strengthen skills in this area, following assessment of student outcomes. Please note that an application to make ARCH2125 a general education course is in the queue. This will prevent a change in credit to the total amount of degree credits.

## Associated Forms

**Select any associated course forms that exist**

ARCH 2125 - World Architecture II (3)

ARCH 2112 - Architectural Visualization I (3) | **Under Review**ARCH 2117 - Architectural Visualization II (3) | **Under Review****Select any associated program forms that exist**

## Program Information

---

**Degree Name**

BA Arch - Bachelor of Arts in Architecture

**Degree Type**

Bachelor of Arts

**Program Type**

Undergraduate

**Program Description**

No Parent Selected

**Degree Hours****Minimum Major Hours****Degree Requirements**

- Complete 1 of the following
  - Earn at least 120 credits from the following types of courses:  
Design Studies Concentration. Please see Catalog entry for Concentration requirements below.
  - Earn at least 120 credits from the following types of courses:  
Landscape Architecture Concentration. Please see Catalog entry for Concentration requirements below.
  - Earn at least 120 credits from the following types of courses:  
Pre-Professional Architecture Concentration. Please see Catalog entry for Concentration requirements below.

**Grand Total Credits: 120**

## Concentration Information

---

**Concentration Title**

Design Studies

**Program Level**

Undergraduate

## Concentration Requirements

- Complete all of the following
  - Complete the following:
    - ARCH1115 - Introduction to Architectural Graphics (3)
    - ARCH1120 - Introduction to Architecture (3)
    - ENGL1120 - Composition II (3)
    - ARCH1125 - Design Fundamentals (3)
    - ARCH2120 - World Architecture I (3)
    - ARCH233 - Sustainability I (3)
    - ARCH2125 - World Architecture II (3)
    - ARCH2151 - Design Thinking (3)
    - ARCH301 - Architectural Design III (5)
    - ARCH332 - Architectural Structures I (3)
    - ARCH302 - Architectural Design IV (5)
    - ARCH323 - Architecture and Context (3)
    - ARCH324 - Architectural Theory (3)
    - ARCH450 - Design Leadership (3)
    - ARCH201 - Architectural Design I (5)
    - ARCH202 - Architectural Design II (5)
    - ARCH2112 - Architectural Visualization I (3)
    - ARCH2117 - Architectural Visualization II (3)
    - ARCH331 - Construction I (3)
  - Earn at least 3 credits from the following:
    - ARCH472 - Topics in Design Visualization (1 - 3)
  - Earn at least 6 credits from the following types of courses:  
Design Elective (choose from): interior design, industrial design, fabrication, furniture design, product design, graphic design, digital media, others as offered or Architectural Visualization electives.
  - Earn at least this many additional elective credits: 24
  - Earn at least 22 credits from the following types of courses:  
In addition to the program-specific requirements outlined here, all undergraduate students are required to fulfill UNM's General Education Program requirements. In some instances, courses included in an undergraduate degree program's requirement may also fulfill a General Education requirement. Please review the General Education Program in this Catalog for General Education information. The general education classes that apply to the concentration: Mathematics and Statistics, Writing and Speaking, Social and Behavioral Sciences, Humanities, Physical and Natural Sciences, Second Language

## Grand Total Credits: 120

### Concentration Description

Design Studies Concentration this is a more flexible path, and allows students to select many of their courses starting in the third year. It can help prepare graduates for a career or a graduate degree in a related discipline, such as digital media, fabrication, landscape architecture, interior design, real estate development, industrial design, animation, urban design, construction management, etc.
