Exact Title and Requirements as they should appear in the catalog.
See current catalog for format within the respective college (enter text below or upload a doc/pdf file)

Delete concentration

☐ **This Change affects other departmental program/branch campuses**

Reason(s) for Request * (enter text below or upload a doc/pdf file)
Students in the four remaining Concentrations will be allowed, with the guidance of their faculty advisor and/or the Director of Undergraduate Studies, to design a special major by using the existing requirements for the Concentration and an expansion of available electives. We found that students (many transferring to us from other hard science majors) were using this concentration like the BUS degree to pull their disparate course work together for a degree. We believe this will reduce the number of exceptions and course waivers, rather than increase them.

Statements to address budgetary and Faculty Load Implications and Long-range planning

None
