PSY 105 (3 credits) 2. PSY 200 (3 credits) 3. Four courses (12 credits) selected from our five 200-level core courses: PSY 220, PSY 240, PSY 260, PSY 265, PSY 271, and PSY 280 4. PSY 302 (3 credits) 5. Four psychology electives at the 300/400 level (12 credits) 6. One upper division (300/400) psychology lab (2 credits).

[Health Psychology to undergraduate curriculum.doc](#)

This Change affects other departmental program/branch campuses

Reason(s) for Request * (enter text below or upload a doc/pdf file)
Additional option to meet 200 level core course requirement for psychology majors

Statements to address budgetary and Faculty Load Implications and Long-range planning * (enter text below or upload a doc/pdf file)
No budgetary or faculty load implications, course will be offered as regular faculty load

Adding Health Psychology to undergraduate curriculum

To obtain a B.A. in Psychology a student must satisfactorily complete (i.e., a grade of C or better) 36 credit hours in Psychology (35 credit hours if an upper-division lab is taken: See item 6 below) and should minor in an Arts and Sciences department.

The 36 credit hours of Psychology must include:

1. PSY 105 (3 credits)
2. PSY 200 (3 credits)
3. Four courses (12 credits) selected from our 200-level core courses:
PSY 220, PSY 240, PSY 260, PSY 265, PSY 271, and PSY 280
4. PSY 302 (3 credits)
5. Four Psychology electives at the 300/400 level (12 credits)
6. One psychology elective (3 credits). Students may elect to take an upper-division psychology lab (2 credits).

Bachelor of Science

To obtain a B.S. in Psychology a student must complete a minor in, or distributed among (see distributed minor policy): Biology, Chemistry, Computer Science, Mathematics, Statistics, physics or Anthropology (Biological or Human Evolutionary Ecology Concentration) and complete (i.e., a grade of C or better) 35 credit hours in Psychology

The 35 credit hours of Psychology must include:

1. PSY 105 (3 credits)
2. PSY 200 (3 credits)
3. Four courses (12 credits) selected from our five 200-level core courses:
PSY 220, PSY 240, PSY 260, PSY 265, PSY 271, and PSY 280
4. PSY 302 (3 credits)
5. Four psychology electives at the 300/400 level (12 credits)
6. One upper division (300/400) psychology lab (2 credits).

Adding Health Psychology to undergraduate curriculum

To obtain a B.A. in Psychology a student must satisfactorily complete (i.e., a grade of C or better) 36 credit hours in Psychology (35 credit hours if an upper-division lab is taken: See item 6 below) and should minor in an Arts and Sciences department.

The 36 credit hours of Psychology must include:

1. PSY 105 (3 credits)
2. PSY 200 (3 credits)
3. Four courses (12 credits) selected from our 200-level core courses:
PSY 220, PSY 240, PSY 260, PSY 265, PSY 271, and PSY 280
4. PSY 302 (3 credits)
5. Four Psychology electives at the 300/400 level (12 credits)
6. One psychology elective (3 credits). Students may elect to take an upper-division psychology lab (2 credits).

Bachelor of Science

To obtain a B.S. in Psychology a student must complete a minor in, or distributed among (see distributed minor policy): Biology, Chemistry, Computer Science, Mathematics, Statistics, physics or Anthropology (Biological or Human Evolutionary Ecology Concentration) and complete (i.e., a grade of C or better) 35 credit hours in Psychology
