Statements to address budgetary and Faculty Load Implications and Long-range planning * (enter text below or upload a doc/pdf file)

See uploaded document **ADDITIONAL INFORMATION PROVIDED BY BETH WALKER PER REQUEST FROM SGC: The College of Pharmacy will be reorganizing after we have approval for departmentalization. The reorganization plan has been submitted to Human Resources and was discussed and approved last summer. After the "pause" I also received authorization to move forward from HSC administration. The reorganization will not require any new funding that we do not already have - we will achieve this by the following: 1) Elimination of three positions 2) New funding source from the COP tuition differential. We are in the last year of a 4 year ramp up for tuition differential charged to our students as part of their 4 year progress with COP. This has been generating about \$325K each year and will next year as well. ~\$85 was in the original budget plan for staff in FY10. There is flexibility, if needed, for about \$45K more in funding if the College deems it necessary. We do not at this point, but, that being said, if there is a reduction in the State budget - this may be used for this purpose. We also have some flexibility in our IDC returns, this is last resort and we do not anticipate this as a needed source.**
