Does this change affect other departmental program/branch campuses? If yes, indicate below.

Reason(s) for Request (enter text below or upload a doc/pdf file)

We are moving to change graduation to May to better reflect the offering of the NPTE. By allowing our students to graduate in May vs. June or July we will allow them to sit for the earlier exam, get temporary licenses and potentially begin working sooner and save them the expense of relocating back to ABQ for their last semester. With the proposed changes to the curriculum submitted via Form A and Bs, this will allow the required content to be taught to the students in 8 vs. 9 semesters and with a new total of 120 credits vs. 122 credits.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications. (upload a doc/pdf file)
