Justification

Proposed

Concentration Justification

We are only looking to move this concentration from under the existing BISI degree to the current BALA degree which is being proposed to be updated from Bachelor of Arts in Liberal Arts to Bachelor of Arts in Liberal Arts & Integrative Studies. Relatedly, once this and the other existing approved BISI concentrations are moved we will be terminating the BISI degree.

 - GEOG484L - Applications of Remote Sensing (4)
 - GEOG485L - Interactive Web Mapping (3)
 - GEOG486L - Applied GIS and Spatial Analysis (3)
 - GEOG487L - Geocomputation and Spatial Modeling (3)
 - GEOG488L - GIS Concepts and Techniques (3)
 - Earned at least 12 credits from BCIS
 - Earn at least 12 credits from the following types of courses:
college level courses from the following departments: Physics & Astronomy (PHYS/PHYC 1230 or above, or any ASTR course), Chemistry (1120C or above), Mathematics & Statistics (MATH 1220 or above, or any STAT course)

Grand Total Credits: 34 - 48

Concentration Description

The B.I.S.I concentration in Military Studies provides the opportunity for students to develop a unique program of study combining courses from three or more University of New Mexico departments and/or colleges including at least two ROTC branches. This concentration is available to all students and does not necessarily lead to a military commission. No official minor is required to be declared with this concentration, but the use of an existing departmental minor is encouraged (excluding the Military Studies minor options).
