### Proposal Title

Nanoscience and Microsystems Engineering Subject Code

### Proposed Effective Term and Year

Fall 2024

## College/Department

---

### College

School of Engineering

### Department

Nanoscience & Microsystems Engineering

## New Subject Code

---

**Proposed subject code**

NSME

**Justification for request**

The official name of this graduate program changed from Nanoscience and Microsystems (NSMS) to Nanoscience and Microsystems Engineering (NSME) in the 2015-2016 catalog year. We would like the subject code for all courses to be converted to "NSME" to match the program code. The CIP code will remain the same. Thank you.

**\*\*Registrar's note: adjusted effective term on form - earliest this change is possible is Fall 2024\*\***
