Exact Title and Requirements as they should appear in the catalog.

See current catalog for format within the respective college (enter text below or upload a doc/pdf file)

Change Math requirement under Option I Requirements (Column 2) and Option II Requirements (Column 2) from "Math 121 or 150 or above (3 hours)" to: Math 180 or above (3 hours)

This Change affects other departmental program/branch campuses

Reason(s) for Request * (enter text below or upload a doc/pdf file)

After discussions with the BA/MD Steering and Curriculum Committees and with Dr. Alejandro Aceves, chair of Mathematics, we are changing the Mathematics 121 or 150 for Options I and II of our HMHV program because Mathematics 180 is a pre- or co-requisite for Biology 204L which is required for the HMHV Options I and II.

Statements to address budgetary and Faculty Load Implications and Long-range planning * (enter text below or upload a doc/pdf file)

HMHV students are already taking the Math 180 under advisement and we have already hired a BA/MD supported Mathematics/Biology faculty member, Dr. Helen Wearing, who is coordinating the Math courses for our students. Hence there will be no budgetary changes needed to implement this change in requirements.
