The above signatures apply to all IFDM Core Courses.

Form C – IFDM Exact Title and requirements as they should appear in catalog:

Interdisciplinary Film and Digital Media (IFDM)

will be located in “Undergraduate Interdisciplinary Studies,” pp. 615-621 in 2008-2009 catalog.

“All students admitted to the program have to complete a University Core curriculum. Students will also have a set of ten common core courses for the IFDM program listed below. (Form C readers please refer to Core Curriculum listing) These core classes are taken in order from the time a student is admitted as a pre-major into the program. Additional specific courses are required for selected degree majors, minors, and concentrations that are determined by each participating college: College of Fine Arts, School of Engineering, College of Arts and Sciences, Anderson School of Management. Students must be accepted into those Schools and Colleges. Please see IFDM requirements in each school and college section of the catalog. The final courses of the program include capstone courses, in which students work in interdisciplinary teams to complete projects relevant to their IFDM curriculum.”

“The IFDM Program requires a three-tier admissions process.

I. Apply to the University of New Mexico

Whether the student is an incoming freshman or, a student transferring from another institution, all prospective IFDM students must first be admitted to the University of New Mexico. Prospective students can learn about UNM’s academic admission requirements, tuition rates, financial aid options, and ***apply online*** by visiting www.unm.edu/preview. This site provides links to the various colleges within the university, and contains contact information for general UNM admissions questions.

II. Apply to IFDM as a Pre-Major

In order to be accepted as a pre-major student in the IFDM program, students have to apply in early spring. If accepted, the student will become part of a cohort that will begin in the fall immediately following admission. Each group will continue through the program together. Keep in mind that this is a separate application from the general UNM Admissions application. Separate deadlines apply.

This portion of the application process is designed to allow the students to demonstrate their ability to perform to a high artistic and academic standard. Applicants will be asked to submit a written essay and samples of creative work. At this point, the screening committee will review ACT and SAT scores, and review transcripts.

More information on the IFDM pre-major application process, including an online application, can be found online at www.unm.edu/~finearts/ifdm.

III. Apply for Admission to UNM IFDM Host College/School

The final stage of the IFDM application process is to apply to the individual college or school that houses the IFDM degree in which you are interested. This should occur between the student’s sophomore and junior years, depending on the College/School within UNM from which the student is pursuing the IFDM degree.

The four colleges offering IFDM curriculum are the College of Fine Arts, the School of Engineering, College of Arts and Sciences and the Anderson School of Management. Each college or school has its own application requirements and process.
