Admission to Baccalaureate Programs

Students must be admitted for study at the University of New Mexico and must have completed approximately one year of the appropriate freshman year subjects before applications can be processed for admission to the Baccalaureate Programs in Electrical and Computer Engineering. Approval from the ECE department is required. Applicants must consult the appropriate departmental advisor for evaluation of academic work before admission can be completed.

The criteria for admission to Baccalaureate Programs in Electrical and Computer Engineering are specified in detail in the respective Advisement Brochures which may be obtained from the department there are 18 semester hours of freshman year technical subjects required by the school of Engineering for admission and a minimum grade point average of 2.50 in those courses is required for admission to undergraduate study in either electrical Engineering or Computer Engineering. A total of 26 semester hours applicable to a degree is required for admission with a grade point average of at least 2.20. All applicants must have completed English 101 or its equivalent before admission. All courses required in a Baccalaureate degree program in the ECE Department must have grades of [C] or better for satisfying both admission and graduation requirements. ~~[except a C in English 102 is required. In order to fulfill the requirements for the UNM Core Curriculum, which went into effect in the Fall of 1999, students must have a C or better on specific UNM core classes.]~~
