Statements to address budgetary and Faculty Load Implications and Long-range planning \* (enter text below or upload a doc/pdf file)

The updates in course credit values for CRP 510 and CRP 521, as justified in the associated Form As, will not have a budgetary or faculty load impact. Please see related Form As for explanation. The refinement in language also will not have budgetary impact. These refinements are being made to streamline the narrative for clearer understanding and do not change the content of what is written.
