## Justification

---

Proposed  
**Program Justification**

The Health Education program faculty are proposing modifications to the current Community Health Education B.S. degree in order to transition the program to a 120-credit hour online program and to reflect the new UNM General Education requirements.

The proposed changes to the B.S. Community Health Education requirements include:

1. Remove ENGL 1120 Composition II
2. Add CELR 350: Community Engaged Research I Design CBR – 3 credit hours
3. Add CELR 351: Community Engaged Research II Implementation CBR – 3 credit hours
4. Decrease PHED electives from 4 credit hours to 1 credit hours

The total degree requirements remain at 120 credit hours

## Catalog Information

---

### Program Description

The Bachelor of Science (B.S.) in Community Health Education online degree program prepares students to meet the competencies of the entry-level Health Education Specialist. This non teaching degree provides students with a broad-based introduction to community health and prepares them for professional practice in community and tribal health agencies, public health-related organizations, and clinical and workplace settings. The degree also prepares students for graduate studies in Health Education at the University of New Mexico or any of the many schools of public health in the United States. Screening by Health Education faculty is a prerequisite to entering into the program.
