☐ **Does this change affect other departmental program/branch campuses? If yes, indicate below.**

Reason(s) for Request (enter text below or upload a doc/pdf file)

We are adding an additional 200 level art history to the current requirements. The department feels that students are not getting enough art history to be as successful as they could be in their studio practice. It is particularly felt that they are not well enough prepared for upper division courses. This change will increase the number of art history classes they take by one course and that one course will be at the 200 level to help prepare them for upper division courses.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications.(upload a doc/pdf file)
