Reason(s) for Request (enter text below or upload a doc/pdf file)

These changes are a response the CRP faculty's annual assessments of its degree programs. Overall, the changes are relatively minor and are intended to strengthen the curriculum to more thoroughly cover content and skills in areas the faculty observed weaknesses. The description was updated to reflect more contemporary language. One course was substituted with another (a 2 credit with a 3 credit course), and a second course credit hours were reduced from 4 to 3, resulting in no over all change credit hour change. One new core requirement replaced 3 credits of electives. In addition, to fulfill one requirement, students previously had two choices which have been reduced to one.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications.(upload a doc/pdf file)
