[HMHV Joint Requirements edits 4 4 16.docx](#)

☐ **Does this change affect other departmental program/branch campuses? If yes, indicate below.**

Reason(s) for Request (enter text below or upload a doc/pdf file)

The Community Service / Public Health Workshop, HMHV 398 is a preparatory seminar which builds on students existing knowledge of social determinants of health in rural communities, introduces the students to approaches in community outreach and completion of requirements for clinical shadowing prior to HMHV 350 and 450 (i.e. drug screening, background check, additional paperwork, etc.).  
[REGISTRAR'S NOTE TO VAL: SEE COMMENTS FOR PROCESSING INFO.]

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications.(upload a doc/pdf file)

☐ **Are you proposing a new undergraduate degree or new undergraduate certificate? If yes, upload the following documents.**

Upload a two-page Executive Summary authorized by Associate Provost. (upload a doc/pdf file)

Upload memo from Associate Provost authorizing go-ahead to full proposal. (upload a doc/pdf file)

# Undergraduate Program

## Academic Program Requirements

### Joint Requirements: Options I, II, and III.

All students in the HMOV program must fulfill the Core Curriculum for the College of Arts and Sciences as well as all of the requirements for their selected major and concentration. In addition, all HMOV students must complete 15 credit hours of special seminars designed specifically for participants in the program, and 6 credit hours of summer community health practica. The combined 21 credit hours of special seminars and community health practica promote cohort building among the HMOV students and constitute the interdisciplinary and experiential core of the program.

### Health, Medicine and Human Values Seminars (15 credit hours)

The Health, Medicine and Human Values seminars are interdisciplinary courses that provide opportunities for experiential and problem-based learning, applied writing and speaking, and small-group problem solving. The seminars involve collaborative teaching with faculty from the School of Medicine and the College of Arts and Sciences. The seminar titles are as follows:

- I. HMOV 101: Contours of Health in New Mexico
- II. HMOV 201: Literature, Fine Arts, and Medicine
- III. HMOV 301: Health, Economics, Politics, and Policy
- IV. HMOV 310: Health and Cultural Diversity
- V. HMOV 401: Ethics, Medicine, and Health

**Note:** Arts and Sciences Group Requirements – Seminars I, III, and IV each may be counted as 3 credit hours toward the Social/Behavioral Sciences Group Requirement; Seminars II and V, each as 3 credit hours toward the Humanities Group Requirement.

### Community Health Practica (6 credit hours, summer program)

The Community Health Practica, taken in the summer after the second or third year in the program, are designed to allow students to engage in experiential learning projects involved in community and clinical health. The Practica enable students to put into practice some of the problem-solving skills and information acquired in the seminars and other parts of the HMOV curriculum. Each practica involves a writing and research component, as well as the experiential component.

- HMOV 350: Community Health Practicum I (3 credit hours)
- HMOV 450: Community Health Practicum II (3 credit hours)

Detailed descriptions of the additional requirements for each option are described below.

## Changes for the 2016-2017 Catalog

### Undergraduate Program

## Academic Program Requirements

Joint Requirements: Options I, II, and III.

All students in the HMHV program must fulfill the Core Curriculum for the College of Arts and Sciences as well as all of the requirements for their selected major and concentration. In addition, all HMHV students must complete 15 credit hours of special seminars designed specifically for participants in the program, and 8 credit hours of summer community health practica. The combined 23 credit hours of special seminars and community health practica promote cohort building among the HMHV students and constitute the interdisciplinary and experiential core of the program.

Health, Medicine and Human Values Seminars (15 credit hours)

The Health, Medicine and Human Values seminars are interdisciplinary courses that provide opportunities for experiential and problem-based learning, applied writing and speaking, and small-group problem solving. The seminars involve collaborative teaching with faculty from the School of Medicine and the College of Arts and Sciences. The seminar titles are as follows:

- I. HMHV 101: Contours of Health in New Mexico
- II. HMHV 201: Literature, Fine Arts, and Medicine
- III. HMHV 301: Health, Economics, Politics, and Policy
- IV. HMHV 310: Health and Cultural Diversity
- V. HMHV 401: Ethics, Medicine, and Health

Note: Arts and Sciences Group Requirements – Seminars I, III, and IV each may be counted as 3 credit hours toward the Social/Behavioral Sciences Group Requirement; Seminars II and V, each as 3 credit hours toward the Humanities Group Requirement.

Community Health Practica (8 credit hours, spring/summer program)

The Community Service / Public Health Workshop, HMHV 398, is taken in the spring semester prior to the summer after the second or third year in the program, is a preparatory seminar which builds on students existing knowledge of social determinants of health in rural communities and introduces the students to approaches in community outreach. Students must complete this course with a grade of a C or better to be eligible to enroll in HMHV 350 and 450. Completion includes proof of required immunizations; HIPAA and Blood Borne Pathogens certification; and all other requirements of the assigned clinical shadowing location (i.e. drug screening, background check, additional paperwork, etc.).

HMHV 398: Community Service/Public Health Workshop (2 credit hours)

The Community Health Practica, taken in the summer after the second or third year in the program, are designed to allow students to engage in experiential learning projects involved in community and clinical health. The Practica enable students to put into practice some of the problem-solving skills and information acquired in the seminars and other parts of the HMHV curriculum. Each practica involves a writing and research component, as well as the experiential component.

HMHV 350: Community Health Practicum I (3 credit hours)

HMHV 450: Community Health Practicum II (3 credit hours)

Detailed descriptions of the additional requirements for each option are described below.
