

## **Draft Charge for the *ad hoc* Faculty Senate Social Justice Committee (FSSJC)**

The *ad hoc* Faculty Senate Social Justice Committee (FSSJC), formed by a core group of concerned faculty senators, will convene regular meetings composed of interested faculty senators who will elect its leadership, draft a committee charge, and set a preliminary agenda.

Once standing committee status is confirmed, the committee will lead initiatives and provide guidance for the Faculty Senate on matters of social justice that impact faculty at UNM.

Emphasis will be on identifying and addressing policies, procedures, and practices that may contribute to discrimination, inequity, and injustice.

The FSSJC will also coordinate, communicate, and collaborate with other campus entities working toward social justice goals.
