☐ Does this change affect other departmental program/branch campuses? If yes, indicate below.

Reason(s) for Request (enter text below or upload a doc/pdf file)

Many students face schedule conflicts between PHYS 1125/1125L and required music courses that students must take in a highly sequential order. Thus, we are currently granting many course substitutions for PHYS 1125/1125L. This change will open up students' options to take other science courses that fit more easily with their schedules. In addition, this change will remove an administrative hurdle (seeking a course substitution) that may complicate students' time to degree completion.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications. (upload a doc/pdf file)
