### Concentration Description

The BA-LAIS concentration in Law Enforcement provides the opportunity for students to develop a unique program of study combining courses from multiple University of New Mexico departments and/or colleges. This concentration is available to all students and does not require or necessarily lead to a career in law enforcement but is a good undergraduate option for students interested in that field. No official minor is required to be declared with this concentration, but the use of existing departmental minor(s) outside LAIS is encouraged.
