[Early Childhood Multicultural Education Cert Adoption from Gallup.pdf](#)

☐ **Does this change affect other departmental program/branch campuses? If yes, indicate below.**

Reason(s) for Request (enter text below or upload a doc/pdf file)

This certificate will give ECME students at UNM Taos another valuable credential alternative for entering the work force as a trained early childhood professional. This certificate fully aligns with the New Mexico Child Development Certificate so students will have the option of obtaining that certificate before completing the UNM certificate. The Gallup ECME Certificate is also stackable with the UNM Taos Associate's Degree Program. Students with this certificate will only need eight credit hours more of ECME and twenty-six credits more of general education to complete their Associate's Degree in ECME. In addition, all of the required courses necessary for this certificate are currently offered at UNM Taos. The Gallup ECME certificate can be offered at UNM Taos with a minimum of administrative hurdles and could be of great benefit to our students. If you have any questions or require any additional information, please do not hesitate to contact me. This program adoption has been approved by both the ECME Department Chair Dr. Gary Atias and the Director of the UNM Taos Kids, Campus Tracy Jaramillo (Lab School Coordinator). Full support of the curriculum committee at UNM Taos.
