Bachelor of Arts in Design for Performance (B.A.)

The B.A. in Design for Performance prepares students for careers or graduate study in designing and producing for the broad spectrum of performance venues, whether live, mediated, or electronic. The program of study and activities range from Theatre, Dance, and Opera, to Television and Film, Concerts and Special Events, and the new emerging digital, electronic, and interactive performing arts. Students can focus their studies in a number of areas, including Scenic, Costume, Lighting, and Sound Design/Production, Computer-Based Design and Visualization, 3D Modeling and Animation, Interactive Technology, and similar high-tech disciplines. Students are provided a wide range of practical and theoretical classes, hands-on production experiences, and actual design opportunities. Interdisciplinary programs of study and activities are highly encouraged. There are yearly portfolio reviews for continuation in the program of study. Seek advisement early.
