Reason(s) for Request (enter text below or upload a doc/pdf file)

We wish to add ASTR 271L (1 credit hour) to the BA requirements in the catalog. This requirement already shows up in Banner degree audits and the published Roadmap, but the Registrar's Office has told us that the course was never officially added to the degree requirements per the catalog. We are not sure why, but to clean up this situation, we are submitting this form. We do want this degree to include laboratory astronomy experience, and this is not provided by any other requirement in the degree.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications.(upload a doc/pdf file)
