The FCS Bachelor degree program was initiated last year with the revision of the Family Studies Bachelor of Science degree. In this new FCS BS, three concentrations were created one of which was the Early Childhood Multicultural Education Licensure (ECMEL). This year it was discovered that this concentration did not include 40 credits of upper division requirements. The proposed Form C removes LLSS 175 as requirement and inserts LLSS 321 School and Society as a new 3 credit (upper division) requirement. All other requirements remain the same. The ECMEL concentration now requires completion of 42 upper division requirements.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications.(upload a doc/pdf file)

## *Department of Individual, Family & Community Education*

Form C: Revision of the ECMELE Early Childhood Multicultural Education Licensure Concentration  
Degree: Bachelor of Science, Family and Child Studies

The proposed degree change does not impact program budget or faculty work load because no Family and Child Studies (FCS) courses were altered. The current revision request is to remove one LLSS 100 level course and insert one LLSS 300 level course so that the ECMELE concentration meets the university's 40-credit requirement for upper division requirements. LLSS program faculty were consulted and they suggested this change as a solution. There is NO budgetary impact to the LLSS department because multiple sections of LLSS 321 have traditionally been offered in previous academic years.
