Justification

Concentration Justification

The Organization, Information and Learning Sciences will standardize the "format" of all the concentrations in the following ways: (1) all five concentrations will have 15 credit hours of core and 15 hours of concentrations; (2) the concentrations WILL NOT have Required/Elective courses, but, just courses to choose from (where they can substitute with advisor approval).

These newly designed concentrations will provide more flexibility for students to complete the requirements.

OILS previously had some 3-credit classes that were split into 1-credit/2-credit classes. The split created some registration issues for some students. As suggested by the registrar and AOP, OILS will combine all of those. As a result, the previous 1-2 credit classes will be replaced by 3-credit classes including (OILS 507/508, OILS 537/538, OILS 546/547, OILS 560/561, and OILS 571/572. In addition, since the program files a Form A to update the name of OILS 559, the name of OILS 559 will also be updated in Form C. Finally, we add a new class, OILS 556 (Mentoring Network) and it will also be added to the Adult Education and Professional Development concentration.
