☒ **Does this change affect other departmental program/branch campuses? If yes, indicate below.**

Reason(s) for Request (enter text below or upload a doc/pdf file)

The proposed changes to the EC MEL concentration program of studies focus on providing students more choices in general education courses in the Area 2: Mathematics, Area 3: Physical and Natural Sciences, and Area 5: Humanities. The existing EC MEL concentration program of studies included restrictions in these General Education areas that were required by state licensure prior to the enactment of Senate Bill 329. Senate Bill 329 simplified and reduced the General Education requirements for all educator preparation degree programs in New Mexico. To be clear-the proposed changes to the EC MEL concentration are in compliance with UNM Core requirements and NM PED PreK to Grade 3 licensure requirements.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications. (upload a doc/pdf file)
