☐ **Does this change affect other departmental program/branch campuses? If yes, indicate below.**

Reason(s) for Request (enter text below or upload a doc/pdf file)

The faculty have been consulting over the last few years, especially via program assessment, to enhance our undergraduate program. The undergraduate requirements have not been updated in over 15 years and no longer reflect student interest, faculty research, or current best practices in the field. Therefore, we are proposing to change our undergraduate program requirements to better reflect current needs. We are updating our major requirements, so those changes are reflected here for our concentration. Moreover, we are updating our concentration name and focus to incorporate borderlands to reflect the field and our faculty who teach in this concentration.
