☐ **Does this change affect other departmental program/branch campuses? If yes, indicate below.**

Reason(s) for Request (enter text below or upload a doc/pdf file)

The goal of this proposal is to mediate the art education program's integration within the Department of Art. The catalog's current description of the Minor in Art was designed and approved before art education was part of the Department of Art (Art Education was part of the College of Education at the time). Included/adding ARTE courses as an option in the elective portion of the Minor in Art degree option will help support students with multiple and varied interests and professional intentions, as well as help interdisciplinary studies and enrollments in courses throughout the department.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications. (upload a doc/pdf file)
