Subject: BS in EMS Catalog Changes to Major

Changes made to General Education Requirements

- All general education and program requirements have been formatted to assist the student. This will help the students take the courses in the correct order and assist them to stay on a four year degree graduation plan.

Modifications to Paramedic Cohort

- Changes of titles and credits to the core required paramedic program meet the new National Emergency Medical Services curriculum.
- Course number changes allow the paramedic program to be offered via Extended University distance education.

Changes made to Fourth Year Requirement

- Changes to electives to support the unique format and growth of the International Accredited Mountain Medicine Program.
- New elective courses to support new paramedic certifications important for New Mexico communities.

Budgetary and Faculty Load implications

- The changes proposed are a realignment of existing resources and does not require additional budgetary resources or additional faculty.
