Does this change affect other departmental program/branch campuses? If yes, indicate below.

Reason(s) for Request * (enter text below or upload a doc/pdf file)

This is a revision of the Health, Medicine, and Human Values (HMHV) minor to add a track for non-BA/MD students. This will allow students who were not admitted into the BA/MD Program take the specialized interdisciplinary seminars and still advance toward their degree completion. Currently only BA/MD students, or students who were BA/MD students, can earn an HMHV minor. This will open the minor campus-wide.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications. *

(Current Text):

**Minor in Health, Medicine and Human Values (21 hours)
(Open only to students admitted to the UNM B.A./M.D. program.)**

Minor Requirements for Option I students

B.A./M.D. students enrolled in Option I who complete all requirements for the HMMHV curriculum—the five seminars (HMMHV 101-401), the Community Health Practica (HMMHV 350 and 450), and the Pre-Medical Sciences Core (see major requirements) will receive an official minor in Health, Medicine and Human Values.

Note: B.A./M.D. students enrolled in Options II and III who complete all requirements for those options receive a major in Health, Medicine and Human Values; there is no minor requirement for either Option II or III.

Minor Requirements for Option I, II, or III Students with 12 hours of seminars or above

B.A./M.D. students enrolled in Options I, II or III who leave the program after completing at least 12 hours of HMMHV seminars or 12 hours of HMMHV seminars plus 6 hours of the Community Health Practicum may receive a minor in Health, Medicine, and Human Values by completing another 9 hours or 3 hours respectively of distribution requirements from the list of courses below. In either case, students must maintain a cumulative GPA of 3.0 or above in all HMMHV coursework before being eligible for the minor, and a cumulative GPA of 3.0 for the total 21 hours submitted for the HMMHV minor.

Note: Students who have completed fewer than 12 hours of HMMHV seminars and students who have not maintained a minimum cumulative GPA of 3.0 in the seminars and practicum are *not eligible to receive the HMMHV minor*.

(Revised Text):

Minor in Health, Medicine and Human Values (21 hours)

A. Minor Requirements for students in the BA/MD Program

BA/MD students enrolled in Option I who complete all requirements for the HMMHV curriculum—the five seminars (HMMHV 101-401), the Community Health Practica (HMMHV 350 and 450, which are open only to students in the BA/MD Program), will receive an official minor in Health, Medicine and Human Values.

BA/MD students enrolled in Options II and III who complete all requirements for those options receive a major in Health, Medicine and Human Values; there is no minor requirement for either Option II or III.

B. Minor Requirements for students who withdraw or are released from the BA/MD Program

BA/MD students enrolled in Options I, II or III who leave the program after completing 12 hours of HMMHV seminars plus 6 hours of the Community Health Practica (HMMHV 350 and 450) may receive a minor in Health, Medicine, and Human Values by completing another 3 hours of distribution requirements from the list of courses below. Students must achieve a cumulative GPA of 3.0 or above in all 21 hours submitted for the HMMHV minor. 15 of the 21 hours for the minor must be upper division.

BA/MD students enrolled in Options I, II or III who leave the program after completing 12 hours of HMMHV seminars may receive a minor in Health, Medicine, and Human Values by completing another 9 hours of distribution requirements from the list of courses below. Students must achieve a cumulative GPA of 3.0 or above in all 21 hours submitted for the HMMHV minor. 15 of the 21 hours for the minor must be upper division.

Twenty-one Hours as follows:

A. At least **twelve** hours of the following:

HMHV 101 Contours of Health in New Mexico	3
HMHV 201 Literature, Fine Arts, and Medicine	3
HMHV 301 Health Economics, Politics, and Policy	3
HMHV 310 Health and Cultural Diversity	3
HMHV 401 Ethics, Medicine, and Health	3

B. Plus **nine** hours, or HMHV 350 and HMHV 450, if eligible, and **three** hours of the following distribution requirements. At least three hours of the distribution requirements must be from a 400-level course. Note: No substitutions will be allowed, except in the case of a 400-level special topics course that clearly overlaps humanities, social sciences and health/medicine. Consult the B.A./M.D. academic advisor. Some of the courses below require pre-requisites, so students must plan accordingly.

ANTH 365	Anthropology of Health
CJ 314	Intercultural Communication
CJ 450	Health Communication
ECON 335	Health Economics
ECON 410	Topics in Health Economics
ENGL 413	Scientific, Environmental, and Medical Writing
HIST 416	History of Medicine to 1850
HIST 417	History of Modern Medicine

C. Minor Requirements for students outside the BA/MD Program

Students who complete 12 hours of HMHV seminars may receive a minor in Health, Medicine, and Human Values by completing another 9 hours of distribution requirements from the list of courses below. Students must achieve a cumulative GPA of 3.0 or above in all 21 hours submitted for the HMHV minor. 15 of the 21 hours for the minor must be upper division.

Twenty-one Hours as follows:

Twelve hours of the following HMHV seminars:

HMHV 101 Contours of Health in New Mexico	3
HMHV 201 Literature, Fine Arts, and Medicine	3
HMHV 301 Health Economics, Politics, and Policy	3
HMHV 310 Health and Cultural Diversity	3
HMHV 401 Ethics, Medicine, and Health	3

Plus **nine** hours taken from the list of distribution requirements below. At least three hours of the distribution requirements must be from a 400-level course. Note: No substitutions will be allowed, except in the case of a 400-level special topics course with a clear emphasis in health/medicine. Consult the BA/MD academic advisor. Some of the courses below require pre-requisites, so students must plan accordingly.

ANTH 365	Anthropology of Health
CJ 314	Intercultural Communication
CJ 450	Health Communication

Minor for Health, Medicine, and Human Values -revision justification:

Because all courses in the minor are already being taught, there will be no budgetary or faculty load impacts. In fact, the BA/MD Program hired new faculty this year to ensure that these HMMHV seminars would be offered in each semester to accommodate non-BA/MD students, and to add flexibility to the tightly scheduled curriculum of the BA/MD students. Since the students will have many options among the distribution requirements to complete their minor, there will be no significant impact on any departmental course loads. So there will not be faculty load or budgetary implications to the departments currently offering these distribution courses.
