

**The University of New Mexico Faculty Senate
Draft Meeting Minutes
August 27, 2019
3:00 P.M.**

Scholes Hall Roberts Room

(Awaiting approval at the September 24, 2019 Faculty Senate meeting)

Faculty Senate President Finnie Coleman called the meeting to order at 3:08 p.m.

1. Approval of the Agenda

The agenda was unanimously approved with no abstentions.

2. Approval of the April 23, 2019 Summarized Minutes

The April 23, 2019 summarized minutes were unanimously approved with no abstentions

3. Posthumous Degree for Jackson Weller

Manager Student Success Chris Baca presented the posthumous degree request for Jackson Weller. The posthumous degree was unanimously approved with no abstentions.

Jackson transferred to UNM from Gateway Community College in Arizona in the fall of 2018 in order to play baseball. He practiced with the UNM baseball team in Fall, 2018 and completed 18 credit hours of coursework with a 3.5 GPA. Because he underwent surgery for an injury to his pitching arm, he was not on the active team roster in Spring, 2019. He was enrolled in 15 credit hours for the Spring, 2019 semester. Jackson intended to return to the UNM baseball team in Fall, 2019 and had registered for 15 credit hours that semester. With his transfer coursework and classes taken at UNM, he completed 80 credit hours toward his degree, more than half of the credits required for the BA in Liberal Arts, with an overall GPA of 3.225.

Jackson was a native of Keller, Texas and played high school baseball at Nolan Catholic School in Fort Worth, TX. As a player, his UNM baseball coach Ray Birmingham regarded him as a “fierce pitcher and fierce competitor.” He was considered to be “someone who made us a family” by his teammates, and they celebrated his attendance at every game, even away games out of the state, when he was not an active member of the team. His Twitter account was full of uplifting messages, and his support and enthusiasm for the UNM baseball team was greatly valued by his teammates and coaches.

Jackson’s untimely death has deeply affected his teammates, coaches and Athletic Department staff, friends and acquaintances at UNM and around Albuquerque, and his family members including his mother Lisa Praeger and his father Patrick Weller. We hope that honoring Jackson’s accomplishments with this degree will provide some consolation to all of those who miss him.

8. U.S. & Global Diversity and Inclusion Requirement Student Learning Outcomes Assessment Pilot

Nancy López, Professor, Sociology and Assessment Coordinator, Curriculum Committee,

Diversity Council; Professor, Sociology; Director/Co-founder, Institute for the Study of "Race" & Social Justice presented the following. (diverse.unm.edu)

U.S. & GLOBAL DIVERSITY INSTRUCTORS 2019-2020 ASSESSMENT PILOT

As the assessment coordinator for the Curriculum Committee of the Diversity Council, I would like to invite you to participate in the pilot of the student learning outcomes for the "U.S. & Global Diversity & Inclusion" university-wide undergraduate requirement established in 2014. Attached and pasted below is the assessment tool we developed. We have also attached the syllabi checklist and list of approved diversity courses. We currently have about half dozen volunteers and we welcome additional participants in the pilot. Our goal is a minimum 10% sample of all approved courses (about 17- 20 courses of a total of 177 courses). Our hope is that your assessment will be contextualized across the disciplines and that it will provide instructors, departments, academic program review committees and the Diversity Council an opportunity to reflect on the student learning outcomes that advance UNM's curriculum and pedagogy on U.S. & Global Diversity & Inclusion across the disciplines. We also hope that these assessments will be shared with your community of practice to enhance student learning success across departments, disciplines and colleges. Members of the Diversity Council Curriculum Committee welcome the opportunity to answer any questions at your upcoming department/program faculty meetings as well as Chairs Councils, Deans Council, Provost and Academic Affairs meetings. Dr. Assata Zerai, VP for Equity and Inclusion, Dr. Jennifer Gomez-Chavez, Special Assistant to VP, Dr. Leola Tsinnajinnie and Dr. Kiran Katira Co-chairs, Curriculum Committee, Diversity Council, Dr. Teresa Neely and Pam Agoyo, Co-Chairs, Diversity Council and Margaret Leicester, Doctoral Student Language, Literacy and Sociocultural Studies (LLSS), Division of Equity and Inclusion, Curriculum Committee, Diversity Council and Institute for the Study of "Race" & Social Justice Assessment Assistant (volunteer), as well as Dr. Julie Sanchez, Director and Dr. William Slauson, Assessment Specialist, UNM Assessment and Academic Program Review (APR) are grateful to you for your contributions to this effort. We appreciate your commitment and dedication to equity and inclusion curriculum, pedagogy and student success. We encourage you to include this service toward this goal as part of your annual review reporting under contributions to teaching, contributions to equity and inclusion, university service or in your Academic Program Review (APR) process and action plan.

Thank you for considering our invitation. If you are interested in volunteering please consult with your chair/program director and confirm your participation as soon as possible, no later than October 10th for Fall 2019 or March 10 for Spring 2020 by emailing nlopez@unm.edu. Attached is a list of approved courses and assessment rubric as well as a syllabi checklist. If your course is not on the list but you would like it reviewed by the Diversity Council Curriculum Committee please email attached syllabi checklist and syllabi to usglobaldiversity@unm.edu. Please feel free to forward to instructors that may be interested in volunteering for the pilot.

10. New Business

No new business was raised.

11. Public Comment

There was no public comment.

12. Senator Comment

A senator expressed concern of salary compaction. It greatly affects faculty morale. President Coleman replied that often compression is used as an excuse to not address compression. It will be only resolved by raising the floor and then addressing the metrics of inequities. There are no short-term fixes. It would take an enormous influx of money.

A senator commented that the senate should not refer to IPRA as a “slippery slope.” President Coleman replied that IPRA has been weaponized against faculty governance; academic freedom, intellectual property, and research are of great concern under IPRA.

A senator expressed concern regarding the meetings remaining in the Roberts Room. Another location might be more inviting. It does not have to be the SUB. Faculty want to weigh in on many issues and the Roberts Room is not the most accessible space. The time of the senate meetings could also be changed.

13. Adjournment

The meeting adjourned at 4:52 p.m.
