Exact Title and Requirements as they should appear in the catalog. If there is a change, upload current and proposed requirements.

See current catalog for format within the respective college (upload a doc/pdf file)

[Form C Health Systems, Services and Policy 10.6.17pskt.docx](#)

☐ **Does this change affect other departmental program/branch campuses? If yes, indicate below.**

Reason(s) for Request (enter text below or upload a doc/pdf file)

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications.(upload a doc/pdf file)

[HSSP_impact.docx](#)

☐ **Are you proposing a new undergraduate degree or new undergraduate certificate? If yes, upload the following documents.**

Upload a two-page Executive Summary authorized by Associate Provost. (upload a doc/pdf file)

Upload memo from Associate Provost authorizing go-ahead to full proposal. (upload a doc/pdf file)

Health Systems, Services and Policy (HSSP) Concentration in Public Health

Impact

The proposed change is to delete the PH 508 Theory and Practice course from the required electives and add PH 555 (Public Health Evaluation Methods) and PH 556 (Community-based Participatory Research) as electives. The Master's Thesis option was removed from the culminating experience section since students do not select this option. This streamlines the HSSP Concentration to meet all CEPH accreditation requirements and focuses the concentration courses for the students.

The changes would not require any additional resources from the UNM Libraries or IT since students completing the concentration are already enrolled in our graduate program.

There will be no changes in faculty workload since the MPH faculty are currently teaching the courses.
