Reason(s) for Request (enter text below or upload a doc/pdf file)

The creation of PT693L, Integrated Clinical Experiences, will allow students to receive credit for the clinical activity in the REACH clinic. Having a separate course for this activity is needed for liability reasons. This course is needed as it helps prepare the students for their clinical rotations and seeing patients in a variety of settings. To make it a cost neutral addition for the students, credits are being carved from current courses: PT 505 Foundations reducing from 5 to 3 credits, PT507L Musculoskeletal Concepts & Management I reducing from 5 to 4 credits, and PT653 Service Learning reducing from 2 to 1 credit. Students enrolled in this class must be admitting to the DPT program, thus this class will have no effect on any other programs or colleges.
