Volunteers for Chair next semester- No volunteers, Janet will reach out to some members individually.

Process for duplication communication with branch campuses-

Discussed using share function on program form to communicate to branches with similar programs.

Biology professor who felt that class was being “blocked” by branches, said that he would offer topics classes and no longer propose as unique course numbers.

Important to share information and know what is going on with branches and at main for partnerships, recruitment, pathways.

Discussion may need to be between people who are involved in curriculum approval issues, not faculty.

Old/new business- none

Public Comment- none
