“I just returned from the MW Joint Council meeting in Scottsdale and had a very productive meeting with other MW FARs.

The MW FAR group is working towards providing additional policies to support mental health for student-athletes and to revise the medical hardship waiver process to include specific language around mental illness. This is still pending, but moving forward. The MW FAR group also discussed strategies to enhance student-athlete voice and representation on various committees. I will be attending the MW Student Athlete Advisory Council meeting in May to gather additional insights from student-athletes across the conference to bring back to the FAR working group as we continue to move this forward.”
