This Change affects other departmental program/branch campuses

Reason(s) for Request * (enter text below or upload a doc/pdf file)

Proposed change affects #5 of the Civilization concentration, and #2 of the Languages concentration. We are removing the specific stated requirement for courses in ancient history, since the department no longer teaches them regularly. These courses will remain as choices within the elective categories (#6 and #3, respectively), should they ever offer a relevant topics course.

Statements to address budgetary and Faculty Load Implications and Long-range planning

* (enter text below or upload a doc/pdf file)

There are no budgetary or faculty load implications, as students will be able to complete the major with current courses taught. We have been waiving the ancient history requirement and substituting other courses for several years, with no impact in these areas.
