### Proposed Effective Term and Year

Fall 2024

## Justification

---

### Concentration Justification

Changes to the Graduate Certificates at Anderson are with the intention of offering students more opportunities to pursue their educational and professional goals. They are designed to be recognized within their respective industries. Introducing the Fundamentals I will give students a holistic overview of management skills. Focusing on the foundational courses of Management (the Fundamentals) is fundamental for growing one's business acumen. The concentrations are also specific for students who want to acquire new skills or update existing ones. The Fundamental concentrations serve as a focused way to acquire new skills relevant to one's desired career path, and successful completion of either, or both, Fundamentals of Management I & II certificates can be used to progress into the Anderson MBA on an accelerated admission pathway.
