These two changes alter the General Education portions of the degree in line with existing university requirements. Removal of the mandatory English 2120 Intermediate Composition course from Communication General Education allows more flexibility for students to take other courses in this area that may be more relevant to their concentrations. The requirement for a second semester of a foreign language has proven to be a barrier to degree completion. Both changes create more equity between our BA and BFA degrees.

Upload a document that includes justification for the program, impact on long-range planning, detailed budget analysis and faculty workload implications. (upload a doc/pdf file)
