## Justification

---

Proposed

**Concentration Justification**

This proposed change seeks to add ARCH 2112 Architectural Visualization I and ARCH 2117 Architectural Visualization II to the Bachelor of Arts in Architecture Program. Please note that an application to make ARCH2125 a general education course is in the queue (Humanities). This reduces the number of additional, "open" GenEd requirements, thus preserving the total amount of degree credits at 120.

In addition to the program-specific requirements outlined here, all undergraduate students are required to fulfill UNM's General Education Program requirements. In some instances, courses included in an undergraduate degree program's requirement may also fulfill a General Education requirement. Please review the General Education Program in this Catalog for General Education information. Required general education classes required for this concentration: Mathematics and Statistics, Writing and Speaking, Social and Behavioral Sciences, Humanities, Physical and Natural Sciences, Second Language

**Grand Total Credits: 120**

Proposed

**Concentration Description**

The Landscape Architecture Concentration is similar to the Design Studies concentration, this concentration allows students to complete the Undergraduate Concentration in Landscape Architecture (18 credit hours), which prepares them for advanced standing in a professionally accredited Master of Landscape Architecture degree at UNM or elsewhere.
