

## RAC Meeting Minutes (1-11-2013)

Attendees: Susanne Anderson-Riedel, Melissa Bokovoy, Maya Elrick, Ruth Galvan Trinidad, Kathryn Jacobson, Anita Obermeier, Janet Patterson, Peter Vorobieff, Robert Waide (via Skype)

There was a demonstration of funding cutoff score and amount of funding – pre-review (see graph from Email)

Things we considered:

We needed to weed out non-priority candidates (e.g. Associate/Full professors, 2 previous RACs, etc.) and prioritize assistant/new faculty first.

- Associate profs and full profs initially put on “hold”.

- Other reasons we put people on hold: jargon-filled proposals, RAC double-dipping for same project, and other misc. questions

### ACTION ITEM BY MIDNIGHT TONIGHT:

Leads should take notes and type up in the RAC review notes why proposals weren't accepted (also, for those grants needing IRB approval--we should state that funding is contingent on IRB approval).

### (NEED FOR FUTURE DISCUSSION ON THIS TOPIC)

- We need to discuss process for partial dissemination of funding in people's grants.

- RAC guidelines state funding aren't for assistants - where does the committee stand on this issue

- What about monies for research participation?

Next call for proposals: \*\*Needs to be very clear regarding graduate and student assistantships/\*\*It is important in our criteria for people to be explicit on where they are applying for external funding.

### OTHER MISC. ITEMS DURING MEETING

- Peter to investigate carry-over of RAC monies from 2011-2012

- Final monetary funds dispersed totaling: \$105,979.00
